TO KNOXVILLE MAN CANAL WORK IS GOING

Mr. Oliver Says That He Will Meet the Conditions.

IS ABLE TO SECURE ASSOCIATES

In the Ten Days Allowed Oliver Will Secure One or More Contractors as Associates Who Will Be Aceptable to the Government.

Washington, D. C., Jan. 29.—William J. Oliver, of Knoxville, Tenn., who was the lowest bidder in connection with the contract for the completion of the Panama canal has notified Secretary Taft that he would complete his contract within the ten days allowed him. He assured the secretary that he was able to associate with him one or more responsible contractors, whom he was satisfied beforehand would be satisfactory to the secretary and the president.

In speaking of the matter, Secretary Taft said that the contract would surely be given to Mr. Oliver if, as stated, the parties he intends associating with him prove their responsibility.

Statement by McArthur.

New York, Jan. 30.—A. F. McArthur, of the McArthur-Gillespie company, whose bid for completing the Panama canal, was next to the lowest, has issued the following statement in behalf of that company:

"The four contracting firms who organized the McArthur-Gillespie company, have declinel all suggestions looking toward a combination with any other bidder. They have devoted months to a careful study of the work, and to a canvass of the best contracting firms in the country, and their bid was based on their deliberate conclusions as to the percentage for which the work would be safely undertaken by conservative and competent contractors, organized in accordance with the requirements of the isthmian canal commission. They are unwilling to entertain any plan for undertaking the work at a percentage so low that adequate personal attention to the work would be impossible and ultimate failure, in their opinion, most probable. As the only bidders who qualified under the specifications, they acquiesced in the suggestion that an opportunity be given Mr. Oliver to form a new association of contractors and raise the required capital, despite the fact that he had entirely failed to qualiffy as a bidder, both by reason of his failure to show the necessary pecuniary responsibilities, and by reason of the government's definite rejection of his co-bidder, Mr. Bangs."

Stewarts May Join Oliver.

New York, Jan. 30.—J. C. and A. M. Stewart, members of the contracting firm of James Stewart & Co., of New York and London, went to the city of Washington Monday night to confer with W. J. Oliver and consider the proposition said to have been made to them tentatively to join Mr. Oliver, in his bid on the Panama canal contract. The Messrs. Stewart said they proposed to look the ground over thoroughly before making any decision.

Clift Way Under Bond.

New Decatur, Ala., Jan. 30.—Judge D. W. Speake, of the circuit court, has granted Clift Way $3,000 bond at a habeas corpus trial. The state filed an exception, and the case will go to the supreme court. Way is accused, with Waymond Moore, of murdering Policeman J. Lem Jones on Nov. 24 last. Moore is serving twenty-five years for the crime. The Way case, tried a few weeks ago, resulted in a mistrial. Nine jurors were for hanging and three for acquittal.

Strike Continues at Buenos Ayres.

Buenos Ayres, Jan. 30.—The strike here continues, though that at Rosario has ended and nearly all the men have returned to work. The strikers here decided to remain out as a protest against the action of the police during the last few days have prohibited meetings.

SAVAGE ATTACK MADE ON SOUTH

At Annual Meeting of Boston Congregational Club.

Boston, Jan. 30.—The Congregational club, at its annual meeting on Monday night, listened to a discussion of the "Church and National Perils," by Professor Albert Bushnell Hart, of Harvard university; Professor Kelly Miller, of Howard university, Washington, D. C., and Rev. W. J. Cooper, of New York, secretary of the American Missionary association. All the speakers dealt with the negro question of the south, and the recent speech of Senator Tillman was referred to frequently. Professor Miller, speaking on the topic, "Race conditions in the South," said in part:

"The adjustment of the advanced and backward races of mankind is the greatest problem of the twentieth century. They tell us that the negro is a menace to white man's civilization. In this new propaganda of race enmity and hate, Benjamin Tillman is the chief priest, with a trinity of Thomases as his literary evangelists, Thomas Nelson Page, Thomas Watson and Thomas Dixon, Jr."

Professor Miller denied that the members of the negro race had banded together to protect one another in the commission of crime against the white race, but, on the other hand, he claimed that negroes by thousands have been lynched and murdered by banded assassins, who have stood together oathbound to protect one another in crime, and against a helpless race.

Fighting the Socialists.

Berlin, Jan. 30.—All the present parties except the extreme radicals, are coming against the socialists in the reichs ballots which are to take place in the electoral district where nine are candidates for the reichstag succeeded in obtaining a majority. The center party met and decided not to support anw of the socialist representatives, and representatives of the conservative party from all the states of the empire determined at a meeting held in this city last night, to unite with the other parties against the socialists. This morning the delegates of the national liberals and two radical groups met with the object of devising a plan of co-operation for the remainder of the campaign.

In Conflict With German Embassy.

Constantinople, Jan. 30.—Fehmi Pasha, chief of the secret police of the palace and a great confidant and favorite of the sultan has come in serious conflict with the German embassy owing to his action in causing the seizure recently of a ship's cargo destined for Hamburg. The sultan tried to pacify the embassy officials by immediately ordering the release of the cargo, but Germany in a forcible note to the porte, now demands the punishment of Fehmi Pasha, pointing out that in the step taken he was guilty of an infraction of the penal code, rendering him liable to life imprisonment. The diplomats are watching the struggle.

Murder Follows Outrage.

Paso, Tex., Jan. 30.—In the arrest at Quarezz of Juan Navarro Regalado, a prominent Mexican, it is believed that the mystery surrounding the brutal murder of two young Mexican women in that city, has been solved. The two women of a prominent family were outraged and then chopped to pieces with an ax Dec. 11, and were found in their home on one of the principal streets of Jaurez several hours later. The authorities say the evidence against Regalado is conclusive.

Rogers Refused to Talk.

New York, Jan. 30.—W. H. Rogers, vice president for the Standard Oil company, when seen by a reporter at his home in this city, refused to discuss in any way the report of the Interstate commerce commission which was sent to congress Monday. All these matters are in litigation, said Mr. Rogers, referring to the several specific allegations contained in the report. He declined to say anything further.

Rev. J. G. Patton Dead.

London, Jan. 30.—Rev. J. G. Patton, the missionary, is dead at Canterbury, Australia. He was 82 years of age, and was the pioneer missionary to the New Hebrides.

COMPLETION OF JURY IS EXPECTED SOON

Progress Made In Thaw Case Is Very Gratifying.

CROWDS STILL CLAMOR AT DOOR

So Far, Both Sides in Famous Case Express Themselves as Well Satisfied with the Jurors Which Have Been Chosen.

New York, Jan. 30.—It was confidently believed by cousel in the Thaw case that the jury would be completed Tuesday.

Thirty-five of the original panel of 200 talesmen remain to be examined and if these fail to suffice in the selection of the three jurors needed, another hundred talesmen who have been summoned, will be drawn upon.

Despite the great care and deliberation that are being shown by District Attorney Jerome and Clifford W. Hartdidge, leading counsel for the defense, in the selection of the jurors, the progress made has been gratifying, in the opinion of both sides. But for the personal direction of the prisoner in challenging talesmen the jury would have been completed Monday. On three occasions Thaw has challenged peremptorily men accepted by his counsel. Two of these challenges he ordered last week and one on Monday.

An interesting spectator in court Monday afternoon was Jack Barrymore, the actor. He came to the court room with Detective Flood, of the district attorney's office, and in a certain contingency he will be a witness for the prosecution. Barrymore was acquainted with Evelyn Nesbit when Stanford White made her acquaintance and is familiar with the circumstances under which the architect came to know her. Should any attempt be made on the part of the defense to introduce testimony regarding White's acquaintance with Evelyn Nesbit that would tend to blacken the architect's memory it is believed that the actor will be put on the stand in rebuttal.

One hundred new talesmen were present Tuesday when the Thaw trial was resumed. They were summoned Monday when it seemed that the old panel of 200 might be exhausted. There were three vacant jury chairs yet to fill.

All the members of the Thaw family were again present, arriving in two parties. Mrs. Evelyn Nesbit Thaw and Miss May McKenzie entered the court room with Mr. and Mrs. George Carnegie. Mrs. Carnegie took her accustomed seat at the far end of the second of two rows of chairs assigned to the prisoner's relatives. This is the most inconspicuous place in the family group. Mrs. Evelyn Thaw sat beside her. Mrs. Carnegie sat with the prisoner's wife until her mother, Mrs. William Thaw, arrived with the Countess of Yarmouth, and the two Thaw brothers, Edward and Josiah. Mrs. Carnegie then moved into the front row of chairs and her place was taken by the elder Mrs. Thaw. The prisoner's wife and her mother thus twere thrown side by side again and it seemed as though this arrangement was designed in advance further to discredit the stories which have been so prevalent as to dissensions in the family.

The Thaws often meet in one of the ante-rooms of the court and consult with counsel for the defendant. This accounts for the fact that they sometimes do not greet each other when taking their places in the court room.

Both attorney Delmas, who is suffering from a cold, and his law partner, Mr. McPike, were absent from the defendant's counsel table when the morning session opened. This left a gap of two vacant chairs on the prisoner's right and gave him a clear view of the jurors thus far sworn He profited by the opportunity to study their faces for some time. Then he exchanged confidences with Mr. Peabody, who sat at his left. John S. Denee, a traveling freight agent, 38 years old, was chosen as the tenth juror in the Thaw trial.

BLEW BRAINS OUT WITH PISTOL

Suicide of Sherry McAuley at Dalton, Georgia.

Dalton, Ga., Jan. 30.—Sherry McAuley, ex-mayor and a prominent citizen and business man of this city, met death by his own hands, at his home in this city, late Monday afternoon.

There is no known cause for the act, except that he complained of being ill and despondent for some time, and had been home during the day confined to his room.

While with his family, he immediately arose from a couch upon which he was lying, and went into an adjoining room, where he secured a pistol, from a closet, and fired the fatal shot. The ball entered above the right temple, and resulted in instant death.

He was general manager of the Cherokee Manufacturing company, and had served the city as mayor, and held other official positions. He was prominent in secret orders, and closely identified in business affairs of the city. He is survived by his wife and six children.

Woman Placed on Trial.

Washington, Jan. 30.—Mrs. Jennie L. May, indicted for assault with intent to kill, was placed on trial Tuesday for the shooting of Lucien Conen, a former member of the Marine band. The shooting occurred Sept. 27, 1905, and after lying in a helpless condition until October last, Conen died while at the home of his brother in Louisville, Ky. Because Conen lived more than a year and a under the law, could not be charged with murder or manslaughter and her indictment on the charge of assault with intent to kill, was returned by the grand jury soon after Conen died. According to statements made at the time, Mrs. May claimed the shooting was the result of Conen repeating slanderous stories regarding her.

Officers Unfit for Course.

San Antonio, Tex., Jan. 30.—Colonel George Leroy Brown, of the Twenty-sixth infantry, has been notified by the war department that 10 per cent of the officers detailed for instruction in the military school at Ft. Leavenworth are physically unfit to take the course. This is declared to be due to numerous causes. The department in a supplemental order notified Colonel Brook must go to a physical examination before the post from which they are sent before being detailed for the course of instruction.

Serious Revolt Breaks Out.

Amsterdam, Holland, Jan. 30.—A serious revolt has broken out in the province of Kediri, Island of Java, Dutch East Indies, according to a dispatch received here from Batavia. It is said that 300 natives have taken up arms and that many of the Dutch officials and their adherents have been killed or wounded. The vice governor of the province is said to be among the wounded and the chief of police is reported to have been killed. Troops have been dispatched to the scene of the outbreak.

Will Hold General Election.

Madrid, Jan. 30.—Prime Minister Maura, the conservative leader, who assumed office a few days ago, has decided to dissolve the cortes and hold a general election. The prospect, so far as the new government is concerned, is not bright unless they adopt, the reform regarding the Octori duties, the associations' law, and military service. All of these subjects are causes of popular discontent and must be dealt with.

Bodies of Firemen Recovered.

Buffalo, N. Y., Jan. 30.—The body of Stephen J. Meegan, a pipeman, one of the three firemen caught by the falling wall in Monday's fire, was recovered Tuesday. The body was frozen solidly into the debris. The bodies of Lieutenant Naughton and Pipeman Hinkey have also been recovered. All of the missing firemen have now been accounted for.

7,000 Workmen Strike.

Baku, Jan. 30.—Seven thousand employes of four naphtha works here struck on Tuesday. Their demands include a bonus for 1906, varying from 20 to 80 per cent of their wages for the year. A general strike is being planned.

UP TO GARFIELD IS COTTON GAMBLING

Congressman Livingston Files Report on Subject.

ADAMSON FAVORS THE PROJECT

Report Is One of the Exhibits in Connection with the Fight Being Made on the New York Cotton Exchange Favorable Report Handed In.

Washington, Jan. 30.—Representatives Livingston of Georgia and Burleson of Texas, have filed with Jas. R. Garfield, of the bureau of corporations department of commerce and labor, a copy of the report of the committee on agriculture and forestry made to the fifty-third congress. In this the subject of cotton futures and gambling therein is given exhaustive attention.

This report is one of the exhibits in connection with the resolution which seeks to have congress investigate the causes of fluctuations in the price off cotton and the character of contracts permited by the New York cotton exchange.

Colonel Livingston and Representative Burleson will appear before the committee on interstate commerce of the house with the view of convincing the committee of the need for the investigation asked, and to urge a favorable report to congress on the resolution by the committee.

Congressman Adamson, the Georgia member of the interestate commerce committee, stated that he was personally favorable to the project, and had already made up his mind to vote to report the resolution. He remarked facetiously that he did not know whether public sentiment was entirely in favor of the movement against the New York exchange in view of the widespread temptation, even among church people, to dabble in futures.

May Raid Social Clubs.

Atlanta, Jan. 30.—If an ordinance that became a law on January 7 last is enforced by the police authorities, every social club and society which is maintained by membership fees will be pulled if they are kept opened on Feb. 1. This wil include such clubs as the Capital City, the Atlanta Athletic, the Piedmont Driving, the Transportation, the Turn Verein and many others. This condition of affairs will be caused by a failure on the part of the clubs to obtain a permit from the mayor and general council before Feb. 1, and as council does not meet again until Feb. 4, the clubs will either have to close up or get pulled if they open on and after Feb. 1 until a permit is secured.

Conductor Is Killed by Accident.

Cedartown, Ga., Jan. 30.—B. B. Archer, a conductor on the Seaboard Air Line railway, was seriously injured in an accident near Rockmart and died later as a result of his wounds. The car on which Archer and Trainman Pace were riding was derailed on account of frozen ground at a surface crossing. The car was torn loose from the remainder of the train and rolled down the embankment. Pace jumped on one side and escaped injury. Archer jumped on the other side and sustained the injuries which resulted in his death. Archer was a middle-aged man, and a popular railroader. He leaves a wife and several children.

Adrift on an Ice Floe.

Riga, Russia, Jan. 30.—Fourteen fishermen are adrift on an ice floe in the gulf of Riga. The men were fishing when the ice broke and they suddenly found themselves being blown out to sea by a strong wind. Steamers are now searching for the unfortunate fishermen.

Calls For Bank Statements.

Washington, Jan. 30.—The comptroller of currency Tuesday issued a call for a statement of the condition of all national banks at the close of business on January 26.

THE CULPEPPER MEETING.

Methodist Church Too Small to Accommodate Crowds.

The sermon Monday night by Rev. J. B. Culpepper was without doubt the most powerful one he has yet preached, if not the most powerful ever heard in Gainesville.

After reading from Revelation, Sixth Chapter, and after a brief exegesis of the chapter and the statement that in his opinion the world was now passing through the period symbolized by the "red horse," he announced as his theme, "The Black Horse of Sin;" and for over an hour with an eloquence that held his hearers entranced and an earnestness and vehemence that held them spellbound, he took up one by one the besetting sins of society, stripped from them the cloak of respectability, and held them up in the light of the gospel in all their hideous nakedness. Profane swearing, licentiousness, gambling, drunkenness, dancing and card playing were taken up in turn, as black horses of sin carrying their riders to certain and everlasting destruction. No report of it could do justice to this mighty sermon, for it was nothing less than mighty. A verbatim reprint of it could not give even a faint idea of the power with which it fell from the lips of this wonderful preacher.

The sermon Tuesday night on "Compromises," was directed chiefly at church members, and was a powerful plea for out and out righteousness, for absolute unworldliness in Christian living.

Each night there were scores of people who went forward and signified their intention to unite with some one of the churches of the city. Up to last night forty-nine had already united with the various churches of the city.

The day services today will be held at the Methodist church as usual; but tonight on account of the Methodist church being too small to accommodate the vast audiences, the meeting will be held in the Tabernacle.

Today at 3 o'clock Rev. J. B. Culpepper will preach a sermon to women only—every woman, young or old, in Gainesville should hear this sermon. The evenglist says every woman that fails to be there will regret it, and a good many that come will wish they hadn't before they get away.

The article in The Sun of Wednesday relative to the closing of the University for the services seems to have been misinterpreted in some instances. Dr. Andrew Sledd has not been asked to close the college on account of the services. Dr. Sledd, however, as was stated, is in great sympathy with the revival, and is doing everything in his power to promote the same. Every student of the University who desires attends the services, and there is no difficulty in securing excuses for leave.

SCHOOL CHILDREN'S PARADE.

Several Hundred Paraded the Streets With Burke Culpepper Wednesday.

Several hundred pupils of the Gainesville Graded and High School made a demonstration Wednesday afternoon by parading the streets, headed by Burke Culpepper, the young evangelist who has made quite a reputation here by his eloquent pulpit oratory and earnest work during the past few days.

The children congregated at the court house, where several songs were sung, after which they marched around the square. Their presence created a great deal of interest, and attracted a large crowd.

Even the little folks are manifesting a deep interest in the revival, and many of them attend services regularly.

The City Council.

The City Council met in adjourned session on Tuesday evening. Present, Alderman Geo. K. Broome, chairman; Aldermen Bunch, Cushman, Hodges and Taylor.

While the meeting was called principally to hear complaints from property owners on the sidewalk or paving ordinance, no complaints were made, and the council proceeded to other business.

Alderman Taylor moved that the personal tax of Mrs. Dora Cromwell be removed, which was carried.

A petition from residents on Thomas street, asking that water be supplied them, was referred to the water committee, by motion of Alderman Cushman.

Alderman Hodges moved that the collector be instructed to remit the amount for water rent at the armory.

After the transaction of a few matters of minor importance, the council adjourned.

Employes Are Pleased.

There is a pleasant smile which won't come off on the faces of the employes of the Atlantic Coast Line railroad, which has been brought about by the announcement that all salaries would be increased. Naturally the employes are happy, but it is no more than they deserve, since they are giving excellent service to the great system.

The increase, according to the circular, went into effect January, 1907, hence the next pay-roll will be considerably larger. There being several employes of the Atlantic Coast Line here, this community is bound to be benefited to some extent.

Judge Mason's Court.

There was an interesting case in County Judge Mason's court Tuesday afternoon, being the case of G. D. Younglove vs. Levy Long, the charge being unlawful entry.

The plaintiff, in his allegation, declared that he had been in possession of the tract of land in question for the past ten years, and that the defendant did wilfully enter and attempt to hold the same in his possession.

The case was argued before a jury, and a verdict was rendered in favor of the plaintiff.

Death of Mr. Owen.

Friends of Mr. J. W. Owen will be pained to learn of his death, which occurred at his home in West Gainesville Wednesday evening at 6 o'clock after an illness of about two weeks of bronchitis.

Mr. Owen formerly resided at Macon, Ga., but has been a resident of Gainesville for about a year. He was a brick mason by trade, but owing to ill health has not been able to pursue his vocation to any extent.

Deceased is survived by a wife and four sons—J. E., J. H., H. L. and R. M., two of whom reside here. The first named resides in Cartersville, Ga., while the second, J. H., is in Cuba, being an attache of the United States Army.

Funeral services over the remains will be held from his late home this morning at 11 o'clock. Friends of the family are invited.

ROOSEVELT TO STOP THE LAND GRABBERS

Will Not Tolerate Loose Ways in Which Lands Are Secured.

THE PRACTICES ARE UNFAIR

Strict Rules Must in Future be Adhered To, if Settlers Want to Make Homestead Entries—Purposes Must be Legitimate and Right.

The government at Washington is becoming tired of the fraud which has been used in securing patents of lands to government lands, and has issued a stringent circular, which is directed to the Secretary of the Interior, and signed by President Theodore Roosevelt. It is a circular of great gravity, which means to put a stop to government land-grabbing, and an interesting one which will prove of interest and value to those interested. The circular is as follows:

"To prevent the fraud now practiced in the acquisition of public lands of the United States, I have to direct that hereafter no final certificate, patent, or other evidence of title shall be issued under the public land laws until an actual examination has been made on the ground by an authorized officer of the Government, but the following shall be excepted from the force of this order:

"(1) All claims which have heretofore been examined on the ground by an authorized officer of the Government whose report is found satisfactory.

"(2) All claims where heretofore an officer of the Government other than officers authorized to take final proof, shall have been present at the taking of final proof to cross-examine claimant and witnesses, if such proof is found satisfactory.

"(3) All claims where claimant's compliance with law has been established by contest or other regular adverse proceedings.

"(4) Entries which may have been confirmed by virtue of any act of Congress.

"(5) Selections and entries in which no residence or improvement is required by law, when the lands embraced therein are strictly speaking in agricultural districts, or when their character has been fixed by investigation and classification made in accordance with law.

"(6) Cases of reissuance of patents because of some clerical error occurring in the patent heretofore issued.

"(7) All Indian allotments which have been regularly approved in accordance with instructions of the Secretary of the Interior.

"You will issue all necessary instructions to carry this order into effect.

"This order is in lieu of my order of December 13, 1906.

FREIGHTS ARE DELAYED.

Sewer Pipe Which Left Birmingham, Ala., November 8, Not Yet Here.

Contractor Beeman, who is installing the system of sewerage here, is provoked at the delay of material, as he has a right to be. He stated Wednesday to a reporter of The Sun that sewer pipe which left Birmingham, Ala., on November 8 of the past year, has not yet reached its destination. This pipe has been nearly three months en route, a distance of not more than 500 miles, and it is now time to make a vigorous protest, says Mr. Beeman.

Mr. Beeman states that these delays not only keep him from finishing his contract, but is a source of great annoyance, as it has been impossible to keep hands steadily employed, unless he pays for time lost. Hands are very scarce and hard to secure, hence it is a great hardship on the contractor to keep them.

In Mayor's Court.

There were four offenders before the mayor Wednesday morning, being John Daniels, Will Moore, John McRae and Arthur McRae, colored, who were charged with disorderly conduct. Daniels was fined $5 and costs, while the remaining three were required to "cough up" $2 50 and costs each.

The sun erred in stating in its issue of Wednesday that Otis Thompson, Rush Asher and F. Thornton Shettleworth, young boys who were arraigned for carrying sling shots, were colored boys. The misunderstanding occurred in the reporter receiving the information, as some of the defendants at that court were colored.

Captain Blanding is not only an efficient military man, but has also proved a popular officer. The men of the company have learned to regard him very highly from a personal standpoint, with the result that the membership is increasing with a most satisfactory regularity.

Captain Blanding himself is manifesting a great deal of interest in his company. He attends the drills regularly, speaks to the men in words of encouragement, and it is no wonder that he has been so remarkably successful in building the company up. He proposes to take to the next encampment not only one of the largest, but the most efficiently drilled company in the State Troops, and to this end he will have the hearty co-operation and support of those under him.

LAST NIGHT'S FIRE.

Flames Started in North Wing of Oaks Hotel, Causing Some Damage.

An alarm of fire was turned in from Box 34 at 6:45 o'clock last night, which summoned the department to the Oaks Hotel, East Main street N. While the department responded promptly, the fire was under good headway before the alarm was turned in, with the result that there was considerable damage.

The fire was in the north wing, originating in the apartments occupied by Dr. and Mrs. J. H. Alderman. As there was no one in the apartments at the time, the origin of the fire is not known.

Four Trainmen Killed.

NEWS OF CITY AND COUNTY CONDENSED

Among the prominent visitors to this city yesterday was A. Klein, of Jacksonville, superintendent of the American Home Insurance and Trust Company.

Mesdames C. C. Pidcock and J. W. Marsh have returned from Micanopy and Tacoma, where they have been on a visit to relatives for the past two or three days.

R. H. Kinnebrew, who has been associated in the real estate business with A. G. Steenburg, has disposed of his interests to J. H. Patterson, and the firm-name in future will be Steenburg & Patterson. Mr. Patterson expects to move his family from Orange Heights to Gainesville in a few days.

The La Matanzas Cigar Factory, which has been located in the Hatmaker block, has been moved to the building corner of East Main street, S. and Masonic streets, where more room has been secured. H. S. Thomas, owner of the factory, has enjoyed a remarkable success here, necessitating an increase in force, which meant more room.

R. C. Davis, the clever traveling representative of the Fay-Sholes typewriter, left yesterday for Tampa, after a couple of days spent in this city. Mr. Davis reports the month of January the most successful he has ever enjoyed, having disposed of a large number of Fay-Sholes machines. He sold seven in Ocala in one day the past week, and yesterday managed to close deals for four new machines here. Mr. Davis attributes his great success to two reasons—the popularity of the Fay-Sholes and the prosperity of the country.

GUARANTEED STOMACH REMEDY

J. W. McCollum & Co. Will Refund Money if Mi-o-na Fails to Cure.

You may ask why it is that Mi-o-na stomach tablets are sold by J. W. McCollum & Co. under a guarantee to refund the money unless they cure, when no other treatment for stomach troubles is sold in this manner.

The answer is simple and conclusive.

Other medicines for stomach troubles merely digest the food, while Mi-o-na strengthens the whole digestive system so that it soon becomes able to care for all the food that is eaten.

If you do not use your arm or leg for a month the muscles become flabby and weak and you have to resort to artificial help. It is the same way with the stomach muscles. If they are not used they become so weak that it is necessary to continue using a digestive with the food you eat.

On the other hand, when you use Mi-o-na, your stomach soon grows so strong that you can give up the use of medicine.

Mi-o-na costs 50c a box and does more real good that a dozen boxes of ordinary digestive tablets. The proof of this is shown in the fact that a guarantee, absolute and unqualified, is given by J. W. McCollum & Co. with every box of Mi-o-na.

A Wholesale Raid

Marshal Pinkoson made a wholesale raid on the loafing cows within the corporate limits Tuesday with the result that he managed to land twenty-two head in the city pound. The complaint of stray cows during the past three or four weeks has been general, and the marshal finally decided to take them all in.

This information is given for the benefit of those whose cows did not come up at the usual time, and if they desire to get their animals out of the cow jail they will be required to pay fifty cents a head, with the cost of feeding, etc.

Pitiful Scenes as Result of the Famine in China.

Washington, D. C., Jan. 30.—Reports from American consular officers in China, which reached the state department Monday, regarding the famine and resulting conditions, still further confirm the stories of suffering and hardship among the poor in the districts affected. In fact, Consul Haynes, at Nanking, says that the famine is ten times worse than anything known in that part of the empire for forty years.

The government is trying to help the starving people to keep their cattle, and to this end is taking their oxen and buffaloes in pawn for two taels each.

Consul General Rogers, at Shanghai, says an inquiry which he has made through entirely private sources gives the general conclusion that the famine by March 1, will be regarded as severe, and perhaps more so than that of 1878, by which it is thought 10,000,000 lives were lost.

The report of Mr. Rodgers is accompanied by a statement by Dr. Henry M. Woods, of the Southern Presbyterian mission, at Hwai An Fu, who estimates that 10,000,000 people are affected by the famine, 4,000,000 of whom are starving. He says there are at present more than 500,000 refugees at Tsing Kiang Pu, huddled in mat sheds, and that the pitiful sight is daily witnessed of parents offering their children for sale at from $2 to $4 each. Brigandage and robbery, he adds, are everywhere rife.

The Grip.

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that resulted in pneumonia or that has not recovered. For sale by all druggists.

Observed McKinley's Birthday.

Washington, Jan. 30.—Tuesday was the sixty-fifth anniversary of the birth of President William McKinley. As such anniversary and as "carnation day," it was observed generally in the nation's capital. Government officials, members of congress and private citizens were wearing the president's favorite flower in silent memory of a martyred public servant.

Juror Dies In Courtroom.

Riverdale, L. I., Jan. 30.—Dr. James W. Simpson, a prominent dentist, was placed on trial here Monday for the murder of his father-in-law, Bartley W. Horner, a wealthy contractor, of Northport, who was shot to death at his home Dec. 25, 1905. During the examination Frank Reeves, a talesman, died suddenly in the court room from heart disease.

Accidently Shot His Son.

Bristol, Va., Jan. 30.—George Dishner, a middle-aged farmer, residing 2 miles west of Bristol, accidentally shot and almost killed his 12-year-old son, Jefferson Dishner, while out hunting on his farm near Bristol. The father and son had finished hunting through a field and were preparing to go into an adjacent field. The son had crawled under the wire fence and as the father was stooping down to go between the wires, the trigger of his 12-gauge shotgun was caught in the barbed wire. The gun was accidently discharged and the contents emptied into the son's breast just above the left nipple. He lived only a short time after the accident.

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all druggists.

Bold Attempt on Postoffice.

Nashville, Tenn., Jan. 30.—A bold attempt was made by safe blowers to rob the stamp and cash vault containing $50,000 to $60,000 worth of stamps at the Nashville postoffice and had they not been frightened away would, in 10 or 15 minutes, have succeeded in boring a hole in the vault door two-thirds of the way through and ready to use their nitroglycerine in a very short time more. It is not certain whether they were frightened away by the night watchman when he came on duty at 10 o'clock, or by the janitor, who came to begin cleaning up between 2 and 3 o'clock in the morning.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guranteed at all drug stores. 50c and $1. Trial bottle free.

Murder Trial at Nashville.

Nashville, Tenn., Jan. 30.—The trial of Dr. Herman Fiest, charged with the murder of Mrs. Rosa Mangrum, whose body was found in the crowd the court room, many women river at Cairo, Ills., continues to being present. Monday afternoon Judge Hart ordered Feist's bond increased from $1,000 to $10,000. The most important testimnoy adduced on Tuesday morning was that given by N. W. Holmes, who testified that on one occasion he saw Dr. Feist and Mrs. Mangrum shadowed on a frosted door in loving embrace and passionately kissing. The case will probably consume three weeks.

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." J. W. McCollum & Co.

This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country flue-cured tobaccos, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real *Schnapps*—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.

A Thousand Dollars Worth of Good.

A. H. Thornes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder troubles for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." J. W. McCollum & Co.

Mr. Roosevelt is now a fellow of the Royal Geographical Society. It will be remembered that he discovered San Juan Hill.

President Roosevelt is not crying over that hole in which the Democratic Senators have put the Republicans by supporting him.

It must be confessed that the last report from Brownsville does not leave Senator Foraker with a leg to stand on in coon defending.

The saloonkeeper in Brownsville who was killed owned the "Tillman saloon." Perhaps it was the name that the negroes fired at.

Probing of the theatrical trust will probably not extend as far as to bare any system there may be that tends to the placing of Evelyn Nesbit Thaw along the so-called Great White Way.

Senator Sutherland of Utah has made his set speech defending his colleague, Senator Smoot. Being a "Gentile" it was evidently intended to show that Utah Republicans, whether Mormons of Gentiles, hang together.

Outcome of the wordy war in the Senate over the negro troopers, is that the President is satisfied, Foraker is satisfied, Aldrich is satisfied, Lodge is satisfied, and the Democrats are satisfied. The people of course can be.

A Georgia judge has decided that bridge whist is as bad as craps. Bridge has already been passed upon by experts in every other game, and we are glad to be able to complete the record with this judgment of an expert on craps.

A spasm of virtue has seized the committee on postoffices and postroads of the House of Representatives, and they have reduced the amount appropriated last year, $43,000,000 for the railroads carrying the mail, by $4,300,000. The action of the committee was taken by a vote of 12 to 6, and it would be interesting to know who the six Congressmen were that voted for the railroads. But that is a secret of the committee room. For full justice to be done the plundered taxpayers it will require a further and much larger percentage of decrease.

A CANDIDATE FOR SENATOR.

Mr. Gus Morton, now a resident of Williston, is a candidate for Senator from Levy county to fill the unexpired term of Senator Carter, deceased.

Mr. Morton, in a leaflet addressed to the voters of Levy county, states his platform and challenges his opponents to joint debate.

While this paper does not agree in toto to all of Mr. Morton's "articles of faith," it would, nevertheless, be pleased to see him become a member of the Senate. He would be a conspicuous member of that body and would make himself heard on all questions coming before it. Mr. Morton is a born politician but has devoted the most of his life to helping his friends. We are glad now that he has turned his guns in his own direction and we hope that his friends will help him with the same measure of loyalty and strenuosity that he has helped them. —Ocala Banner.

HON. FRANK CLARK'S BILL.

There was presented in the National House of Representatives, at Washington, last Wednesday, one of the most important bills of the present session of Congress. It is a bill authorizing and requiring the President of the United States to negotiate for and make a sale of the Philippine Islands to Japan or some other foreign nation, at such price as will reimburse the United States for the original cost and expenditure incurred in maintaining the islands, on such terms as the President may prescribe.

The bill itself reads as follows:

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States be, and he is hereby, authorized, directed, and required, immediately upon this act becoming a law, to open negotiations with Japan and such other foreign nations as in his judgment may be deemed advisable or proper, for the sale and transfer to Japan or such other foreign nations of all the right, title and interest of the United States in and to the Philippine Islands, and every part and parcel thereof, excepting and reserving to the United States a naval and coaling station at Manila or such other place as in the judgment of the President may be for the best interests of the United States. If the President can secure from Japan or any other foreign nation for the entire interest of the United States in and to the Philippine Islands, excepting such naval and coaling station as in his judgment it is wise for the United States to retain and maintain in the Orient, an offer of such a sum of money as will reimburse the United States for the original purchase price paid to the Kingdom of Spain for said islands, together with the expenditures since made by the United States in the construction of permanent public works in said islands, he is hereby required to accept such offer and consummate at as early a day as practicable the sale and transfer of the said Philippine Islands to the purchaser.

"Sec. 2. That when the President of the United States shall have made the sale of the Philippine Islands in the manner as authorized and directed in the first section of this act, he shall consummate the same upon such terms as to the time, manner, and place of the payment of the purchase price as in his judgment and discretion may seem just and as in his opinion will fully protect the interests of the United States. He shall also secure in such negotiation and sale such stipulations and agreements with the purchasing nation as to commercial intercourse between the United States and the islands as will for the future best subserve the interests of American commerce.

"Sec. 3. That this act shall take effect from and after its passage and approval by the President or upon its becoming a law without such approval."

Florida will heartily indorse the stand taken by Congressman Clark in submitting to Congress such a sweeping measure. Dealing with this great question fairly on its merits, it may safely be said that the majority of the people of this country are sick and tired of the enormous expenditures made for the maintenance of law and order for the government of the Philippines.

From this and hundreds of other cities in the United States requests have been made to Congress for appropriations for river and harbor improvement. The request is in vain; Congress has only a limited amount to spend, and yet millions can be expended upon the Phillipine Islands!

Florida is badly in need of good roads, which the nation should help to build. Why not divert the flood of money from those far-away Pacific islands to the States of the Union and use it in building national highways that would be worth ten thousand Philipine Islands.

Congressman Clark's bill ought to set the people thinking about their own welfare. He should have, and no doubt will have, the united and cordial support of the Democratic party, and that of many Republicans, in his effort to free this country from an unreasonable and intolerable burden.

The bill has been referred to the committee on insular affairs, and will come up in the House not many weeks hence.—St. Augustine Record.

A PROHIBITIVE ISSUE.

The Republican members of the Judiciary Committee of the National House of Representatives, by a vote of 8 to 7, decided to adjourn to prevent consideration of the Hepburn-Dolliver bill, which makes liquor in interstate commerce subject to the laws of States into which such liquor is shipped. In many States local option prevails and a majority of the counties have voted for no license, yet liquor is shipped to those counties and thus virtually nullifies the State law. It would seem that the people of a State should be protected from the importation of what they consider deleterious to the health or morals of its citizens, but it appears the State and the majority of its people are helpless without a Federal law to that effect, and this the Republican members of the committee refused to consider.

He who restrains not his tongue shall live in trouble.—Brahman Maxim.

Why Some Countries Are Uninhabited

A mere glance at our maps impresses a few general facts upon us. We see that the largest areas of the unknown are now in lands that are too dry, as in the Sahara, the desert of Arabia, and the steppes of Mongolia; lands that are too wet and hot, stimulating almost impenetrable forest growths, as in parts of the Amazon and Kongo basins; lands that are too cold and bleak, as portions of the northern areas of America and Asia. Even the characteristics of the inhabitants influence the extent of the unexplored. In proportion to total area there is more unknown surface in Liberia than in any other political subdivision of the world, because the Liberians, content to live along the coast, have scarcely entered their vast forest maze, though they teem with rubber and other resources.—Cyrus C. Adams in Harper's.

What Red Coral Is.

The red coral that is used for necklaces is a horny axis which supports a number of soft bodied, coral-like animals, or polyps, the entire structure bearing a strong resemblance to a small shrub. The fishermen, after they have brought this shrublike colony to the surface, clean the soft animal matter away, preserving the red core, or axis, which is sold as jewelry. Although red coral contains some line, it is largely composed of a substance akin to horn, and, like horn, it takes a fine polish. Horn, wool and other animal substances of this nature almost invariably change their color when brought into intense heat.—St. Nicholas.

Welsh Rabbit Fiasco.

"When I was starting my apartment," remembered the bachelor, "several of my lady friends wired me they would bring a small party of people up for Welsh rabbit. I went out and bought a chafing dish, the handsomest I could find; a dozen plates, silver knives and forks and spoons and napkins and a table to set the rabbit out on, so that the rabbit, which at a restaurant would have cost about $1 all told, cost me about $35. And then they didn't come."—New York Press.

Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious ailments. Orino Laxative Fruit Syrup cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. J. W. McCollum & Co.

The Hippopotamus.

At times the hippopotamus exudes what has been described as a "bloody sweat." Microscopically examined, the exudation is found to consist of a great number of minute colorless bodies, resembling the colorless corpuscles of the blood, and a smaller number of pink colored bodies, made up of some crystalline substance forming clusters of rodlike and triradiate form. These, becoming dissolved, give the surrounding fluid medium a deeper pink color than that observable before dissolution took place. Both the colored and colorless matter appear to be exuded by special pores in the skin which display activity only immediately after the creature has left the water.

An Old Roman Mint.

A completely equipped Roman mint was discovered in a cave in the neighborhood of Kayosovar, Hungary. Besides crucibles, which still contained bronze, there were three dies for the production of gold coins, dies of silver, bronze and iron ore and 300 coins. The investigation made showed that the workshop dated from the first century of the Christian era. A number of neatly worked earrings, bracelets and other objects of bronze, as well as tools, such as hammers and tongs, were also found.

The first bottle gave me great relief and after taking a few more bottles I was completely cured—so completely that it becomes a pleasure to recommend this great remedy." UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.

DIES IN HER 110TH YEAR.

Mrs. Price's Grandchildren Are Known as Old Citizens.

Moultrie, Ga., Jan. 30.—Mrs. Margaret Price, the oldest woman of this county, and probably the oldest woman in the state, died at the home of her son, Patrick Price, in this county, Monday. She was 110 years of age, and until her recent illness retained her memory, her eyesight and all her faculties almost as clear as the average woman of 60.

Mrs. Price was a widow of Willis Price, a veteran of the Indian war and later in the civil war. He has been dead for forty years. They moved to this county sixty years ago from Madison county, Florida, and were among the pioneers of the county. Mrs. Price was buried at Old Kimball church, in Worth county, where her only son was laid several years ago. She is survived by several grand-children and great-grand-children, the former are among the old citizens of the county.

They Drank, then Fought.

Danville, Va., Jan. 30.—Jno. Cousins, a white man, about 35 years of age, was shot and instantly killed here by George L. Stellman, a carpenter. The killing occurred at the home of Stellman, while Cousins was in the act of entering the room occupied by Mrs. Stellman and her children. Stellman said that he had a difficulty with Cousins, six months ago, and that the latter swore vengeance. They met this afternoon, and drank together. Stellman says Cousins insisted on following him home, despite his protests. When he demanded that he stay out of the house, Cousins, he declares, fired at him twice with a pistol. Stellman then got a shotgun and emptied a load into Cousins' breast. Stellman surrendered.

Why

should your baby suffer? When he is fretful and restless don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known medicine and cure for all children's diseases. It is mild in its action, builds up the system, makes thin puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. M Johnson.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Olean, N. Y., Jan. 30.—Dr. Hibbard gave out the following statement Tuesday morning: Former Gov. The treatment will be continued so long as the improvement is maintained.

Report Caused Alarm.

Madrid, Jan. 30.—A report that three men who had been acting suspiciously had exchanged shots with the keepers of the royal estate at Casa de Campo while the queen and the queen-mother were driving there Sunday afternoon, caused some alarm. Later on it developed the men were poachers. They are in custody.

A Very Busy Man.

A school inspector went to investigate the case of a man who, although he could well afford to keep his children at school, had obtained labor certificates for them all and was taking frequent holidays while the poor little fellows worked to keep the home on.

To his wife's plea that the youngsters' wages were useful when "feyther" was out of work the inspector replied:

"A mere quibble, ma'am. Your husband has constant work, but is too lazy to do it. His employer told me so."

"Then it's a wicked story, and I'm not particular who hears me say it!" cried the woman indignantly. "My husban' is the busiest man in England, bar none. Why, he was up at daybreak this mornin' teachin' my youngest lad to swim, an' he's walked ten miles across plowed fields to fly a pigeon an' won a bounce ball contest an' a boxin' match since dinner, an' now, to wind things up," she added as a final proof of her husband's amazing industry, "he's down in the wood yonder trainin' his dog to catch an' kill rabbits without leavin' the marks of his teeth on 'em. If you want more work than that crowded into a day, you must be a regular nigger driver."—London Tit-Bits.

When Buttons Were Big.

Bachaumont writes in his "Secret Memoirs," Nov. 18, 1786: "The mania for buttons is today extremely ridiculous. They are not only of enormous size, some of them as big as six pound crowns, but miniatures and pictures are made upon them, and this ornamentation is extremely costly. Some of them represent the medals of the twelve Caesars, others antique statues and still others the Metamorphoses of Ovid."

Isabey, in his biographical notes, says that when he came to Paris he worked for a living by making copies of Vanloos and Bouchers on the lids of snuffboxes and that for these medallions he was paid from 6 to 8 francs each. "As it was still the fashion," he said, "to wear buttons as big as a five franc piece, upon which Cupids, flowers and landscapes were cut in cameo, I went into that business. I got 12 sous for each." Paris Figaro.

OLD SORES FED AND KEPT OPEN BY IMPURE BLOOD

A great many people have an idea that old sores exist merely because of a diseased condition of the flesh where the ulcer is located. They patiently apply salves, powders, plasters and other external applications, but in spite of all such treatment the place refuses to heal. Whenever a sore or ulcer does not heal readily the blood is at fault; this vital fluid is filled with impurities and poisons which are constantly being discharged into the place, feeding it with noxious matter, which makes it impossible for the sore to heal. Old sores may be the result of an inherited blood taint, or the effects of a long spell of sickness, or again the circulation may be contaminated with the collections of refuse matter which the different members have failed to expel through the channels of nature. Whatever the cause the blood becomes steeped in poison and a cut, bruise, scratch or other wound often develops into a sore, fed and kept up by these impurities, causing it to eat deeper into the surrounding tissue, inflaming, festering and causing pain. External applications can only keep the sore clean; they cannot cure the trouble because they do not reach the blood. S. S. S. cures Old Sores by going to the very bottom of the trouble, driving out the impurities and poisons and purifying and building up the entire circulation. When S. S. S. has removed the cause the blood becomes rich and healthy, the sore begins to heal, new flesh is formed, the place scabs over and is soon permanently healed.
